#### **(A) Public Works**

1. Utilities Division & Central Services Monthly Report for April, 2017

**Item Action:** Approved

Motion to approve the report was made by Caporale, seconded by Bernard, and was passed on a vote of 5-0.

### **III. PUBLIC HEARINGS**

- (A) Public Hearing to receive comment on the City's proposal to adopt a real property tax rate of \$1.0595 per \$100 of assessment

Mayor Grim convened the Public Hearing at 6:17 p.m.

Mr. Rhodes discussed the purpose of the Constant Yield Tax Rate and advised that the City was required by state law to hold this public hearing to take public input on the proposal to increase the current rate of \$0.9654 by 9.75%, which was 9.67% higher than the constant

yield rate of \$0.9661. The increase would generate \$807,500 in additional property tax revenues.

Mayor Grim opened the floor to public comment and the following individuals spoke.

Lawrence Becker, 801 Piedmont Avenue, Cumberland, stated he had reviewed a copy of the budget and disagreed with the proposal to raise taxes. He pointed out various line items of the budget that he felt could be easily reduced such as contractual services, telephones, training, and vehicle maintenance. He further suggested that consolidation of services should be investigated.

Don Fischer, 536 N. Centre Street, Cumberland, urged the Mayor and Council to postpone any property tax increase until next year and rely on the cash-on-hand to continue operations. He suggested postponing capital expenditures and increase transfers from the water and sewer funds to close the gap.

Tom Hawk, 778 MacDonald Terrace, Cumberland, spoke in support of the tax increase. He stated the property tax rates have not kept pace with inflation over the time period where the rate has remained stable. He encouraged Council to reflect inflation as a serious consideration annually as the property tax rate was reviewed.

Mary Beth Piroluzzi, 506 Regina Avenue, Cumberland, spoke against the tax rate and urged Council to address the structural deficit of the budget. She discussed that the City could ill-afford the additional negative factor that would be created by an increased tax rate and suggested that the departments cut another 5%, furlough days be considered, the filling of certain positions be fully considered, health insurance premiums be increased, and collaboration of services with the County be explored.

Ms. Steward, 426 Pine Avenue, Cumberland, spoke against the tax increase. She discussed that too many people were leaving Cumberland and raising taxes would not help the situation.

With no further comments being offered, Mayor Grim adjourned the meeting at 6:36 p.m.

#### IV. NEW BUSINESS

##### (A) Ordinances

1. Ordinance (*1st reading*) - providing for the issuance and sale of General Obligation Bonds to the Community Development Administration (CDA) of the State of Maryland in the amount not to exceed \$1,200,000, to be known as "**Mayor and City Council of Cumberland Infrastructure Bonds, 2017 Series A,**" to finance or refinance the purchase of IT improvements, equipment and software, vehicles and equipment including heavy-duty vehicles and equipment, to fund a portion of the capital reserve fund, and to pay costs related to the bonds

##### **Item Action:** Approved

Mr. Rhodes discussed the proposed Ordinance that would allow the City to borrow money for capital improvement needs through the Local Government Infrastructure Financing Program supported by the Maryland Community Development Administration (CDA). He reviewed associated debt service and noted key items to be funded, which included new vehicles for the Police Department, a Vac Truck, software upgrades, and new dump trucks.

The letter was acknowledged and entered into public record.

**V. PUBLIC COMMENTS**

All public comments are limited to 5 minutes per person

Mayor Grim commented in response to those who opposed the tax rate increase, stating that no raising taxes also meant not being able to fund needs and improvements for ballfields, streets, etc. He stated he felt the City was at a breaking point. He thanked WCBC for their assistance in obtaining the grant for the ballfield improvements at Al Abrams Field. He acknowledged the partnership with Allegany College for creation of the new softball field at the college and advised that the College would handle maintenance of the field. Mayor Grim announced that a Closed Session had been held on Tuesday, June 6, 2017, at 5:30 p.m. and read into the record a summary of that session, which is attached hereto and made a part of these minutes as required under Section 3-306(c)(2) of the General Provisions Article of the Annotated Code of Maryland.

#### V. PUBLIC HEARINGS

- (A) Public Hearing to consider an Ordinance authorizing the issuance and sale of general obligation bond debt not to exceed \$1,200,000 in aggregate principal amount to be issued under the MD Local Government Infrastructure Financing Program and known as "**Mayor and City Council of Cumberland Infrastructure Bonds, 2017 Series A,**" to finance or refinance the purchase of IT improvements, equipment and software, vehicles and equipment including heavy-duty vehicles and equipment, to fund a portion of the capital reserve fund, and to pay costs related to the bonds

Mayor Grim convened the Public Hearing at 6:25 p.m.

Mr. Rhodes advised that an Ordinance was being proposed to authorize the City to borrow money for capital improvement needs through the Local Government Infrastructure Financing Program supported by the Maryland Community Development Administration (CDA). He provided a breakdown of the amount to be financed and noted key items that would be funded, which included new vehicles for the Police Department, a new Vac truck, software upgrades for the Water Plant, Wastewater Filtration Plant, SCADA system, and tax/utility billing, and 3 new dump trucks.

Mayor Grim opened the floor to public comment.

Mary Beth Pirolozzi, 506 Regina Avenue, raised questions regarding the software upgrades. She stated that during the course of the FY18 budget discussions, it had been stated that the area of tax and utility was a consideration for consolidation with County services and asked whether those discussions had taken place. Being advised that no discussion had taken place recently, Ms. Pirolozzi recommended that these costs be pulled from the financing and held for further consideration.

Mr. Tressler advised that only \$85,000 of the \$201,911 cost reflected for software upgrades was attributable to the tax/utility software upgrade. He stated that the current software was 18 years old and staff was anxious to make the upgrade. Upon further questioning from Ms. Pirolozzi, he noted that the upgrade was not expected to happen until September, therefore there was time to speak with the County about a possible consolidation of those services.

With no further comment offered, Mayor Grim adjourned the public hearing at 6:30 p.m.

## VI. UNFINISHED BUSINESS

### (A) Ordinances

1. Ordinance (*2nd and 3rd readings*) - providing for the issuance and sale of general obligation bond debt not to exceed \$1,200,000 in aggregate principal amount to be issued under the MD Local Government Infrastructure Financing Program and known as "**Mayor and City Council of Cumberland Infrastructure Bonds, 2017 Series A,**" to finance or refinance the purchase of IT improvements, equipment and software, vehicles and equipment including heavy-duty vehicles and equipment, to fund a portion of the capital reserve fund, and to pay costs related to the bonds

#### **Item Action:** Approved

Mr. Rhodes advised that the proposed Ordinance would authorize the City to borrow money for capital improvement needs through the Local Government Infrastructure Financing Program supported by the Maryland Community Development Administration (CDA). The borrowing would finance the purchase of IT improvements and vehicles and equipment, including heaving equipment.

SECOND READING: The Ordinance was presented in title only for its second reading. The reading was interrupted and motion to suspend the second reading and move to the third after comment was made by Caporale, seconded by Cioni and was passed on a vote of 5-0.

Mayor Grim called for questions or comments.

Councilman Frazier stated that he would like staff to make sure that there is follow-up with the County on the possibility of combining the tax and utility billing services with the County as was promised during discussion with Ms. Pirolozzi, to determine whether any cost savings were possible.

With no further comments, the Ordinance proceeded to its final reading.

THIRD READING: The Ordinance was presented in title only for its third reading and was approved on a vote of 5-0.

ORDINANCE NO. 3820

## VII. NEW BUSINESS

### (A) Ordinances

Prior to the introduction of the budget Ordinances, Councilman Bernard read a prepared statement regarding the proposed tax increase and issues regarding the steps the City has taken to address the budget deficit. The statement is attached hereto and made a part of these minutes.

Councilman Cioni discussed aspects of collaboration between the City and the County, noting that it takes both sides to form a collaboration. He stated staff had provided several options for addressing the budget deficit and Council had chosen to take the less painful of those options. Changes were being addressed in employee health care. A report had also been generated and was available to the public which detailed staff reductions that had occurred over the past 10-15 years. Cioni stated that at this point, the City needed to move the next year's budget forward.

Councilman Frazier stated that he would voice his objections at the next scheduled public meeting.

**Item Action:** Approved

Mr. Rhodes advised that the refunding bonds would address debt obligations that will be refinanced for approximately \$700,000 in projected savings over the next couple of years. The City's financial experts monitor the rates and when the situation is right, recommend that the City refinance for a lower interest rate. The cost savings to be realized from this refunding is a necessary part of the current budget process.

The Resolution was presented in title only and Mayor Grim called for questions or comments.

Motion to approve the Resolution was made by Caporale, seconded by Bernard, and was passed on a vote of 5-0.

RESOLUTION NO. R2017-07

3. Resolution supporting the Housing Authority of the City of Cumberland's application for \$365,700 in Strategic Demolition and Smart Growth Impact Fund financing for the demolition and redevelopment of targeted properties within the community

**Item Action:** Approved

Mr. Rhodes presented a list of twelve (12) properties the City had acquired, some of which were demolished and others which would be demolished through the Housing Authority's program. He stated the partnership with the Housing Authority provided a good opportunity to reinvigorate neighborhoods with newer housing and infill development.

Steve Kesner, Executive Director of the Cumberland Housing Authority, discussed several new projects being undertaken by the Authority. Up to \$8 million in funding had been received from HUD for improvements to Fort Cumberland Homes and JFK Apartments through a Rental Assistance Demonstration Project (RAD), which was a project-based Section 8 program. Funding was also expected to be received for Jane Frazier Village and Queen City Towers. Within the next 2-3 years, all public housing would be newly converted and moved into the RAD program.

Mr. Kesner advised that the Cumberland Neighborhood Advisory Commission would be closing its doors and the Housing Authority would be taking in CNHS and continuing their programs. The building at 400 N. Mechanic Street would be returning to the City of Cumberland. In addition, the Housing Authority would be expanding their operations and would now be known as Cumberland Housing, Inc., with Mr. Kesner serving as the Chief Executive Officer.

Mr. Kesner stated that the RAD program would lower the population in the high rises, therefore there would be need to build new housing elsewhere in the community. He discussed details of the Cumberland Housing Revitalization Program, which would be a partnership of 4 agencies, including the City of Cumberland through their contribution of 12 blighted properties. CNHS would provide funding for a revolving construction fund, Cumberland Housing, Inc. would provide project management, and the State grant would provide grant funding. The goal of the program would be to develop mixed use housing in four (4) different neighborhoods across the city. Up to 50% would be targeted for household incomes of 120% of the median income or less and the remaining would be market rate. The total project cost was expected to be \$893,910.

Upon questioning from Council, Mr. Kesner noted that the intent was not to have renters in the properties and it was hoped the program would help clean up targeted neighborhoods. He stated the Maryland Avenue area was ripe for workforce housing and the Rolling Mill Project was a main factor in Fort Cumberland Homes being selected as early as it was for renovation.

Mr. Kesner stated he was asking for the Mayor and Council's support of the grant request, and if the grant should be awarded, for the City to transfer the targeted properties to Cumberland Housing, Inc.

The Resolution was presented in title only and Mayor Grim called for questions or comments.

Motion to approve the Resolution was made by Caporale, seconded by Bernard, and was passed on a vote of 5-0.

Brian K. Grim, Mayor

Entered into the public record on JUN - 6 2017

There are many moving parts to running a city - of which, I am still learning every day. A decision made decades ago can unexpectedly affect the decisions in our present. I am serving on Council at a time when we currently find ourselves in a situation that requires extremely careful, thoughtful deliberation. But a good challenge is why I'm here; it's why all of us are here.

Over the last several months, since Council had become aware of the deficit, we asked our City Comptroller to take every conceivable avenue in reducing the initially proposed tax increase as much as possible, without crippling us in the long-term. We went from a proposed 20% increase down to less than half that number, through refinancing the debt, employee attrition, and 5% cuts across the board. In the end, there was no easy decision to make – but that doesn't mean a smart decision, and a needed decision, do not exist.

Looking to the immediate future, we on council are keenly aware of the long-term decisions that need to occur so this does not happen again. For example, evaluating employee health insurance, as well as collaboration with the County in regards to services, plus a much-needed discussion about the City/County tax differential, are currently being set in motion. A new thought process must be formed among us here on Council over the immediate future, when it comes to our relationship with the County, if we are going to be as successful as we, at all levels of local government, strive to be. But sadly, the City can only do so much, and it will absolutely require the County to be willing partners.

What if we implemented an additional 5% decrease across the board in cuts? This would most certainly result in lay-offs, particularly in the biggest area of expense in the General Fund, Public Safety, and that is something I cannot support. What about combining roles, to further decrease our payroll? This has already been done. We currently have an over-burdened staff, where many individuals are doing the jobs several people used to preform, including our very own City Administrator.

There are other issues to consider, as well, when looking at additional cuts, such as the fact that any City's budget includes estimates. If we continue to cut, there will certainly be a need for overage requests in the next year. For example, it is impossible to know exact equipment repairs and maintenance; snow removal; health care increases; legal services; worker's comp claims, etc, etc... In other words, if we were to cut an additional 5%, we would only be setting ourselves up for failure. We simply have no more fat to cut, only muscle

I truly respect the opinion of those opposed to any sort of tax increase, because NO ONE wants to pay more, but the fact of the matter is, property values have decreased in the last 5 years, in turn, causes taxes to decrease with them. But the good news is, I believe Cumberland is now focused, more than it ever has been, on growing our tax base through bold economic development initiatives and neighborhood redevelopment. Once complete, Rolling Mill, alone, has the potential to generate an additional 17 million in tax revenue.

Unfortunately, the decision to both make moderate cuts, as well as a moderate tax increase will not make everyone happy, but I believe this middle-of-the-road approach is the smartest option that currently exists. Furthermore, I, along with everyone else on Council, are serious about re-examining this current increase next year, as we hope a decrease will be a viable option in the months to come.
