ORDINANCE NO. _____

AN ORDINANCE OF THE MAYOR AND CITY COUNCIL OF CUMBERLAND, MARYLAND, ENTITLED, “AN ORDINANCE OF THE MAYOR AND CITY COUNCIL OF CUMBERLAND PROVIDING FOR THE LEVY OF A SPECIAL AD VALOREM TAX IN THE SHADES LANE DEVELOPMENT DISTRICT AND RELATED MATTERS.”

Whereas, the Mayor and City Council, pursuant to a Resolution adopted on September 21, 2004 (the “Resolution”) and the authority of Sections 14-201 through 14-214, inclusive, of Article 41 of the Annotated Code of Maryland (the “TIF Act”) and Section 44A of Article 23A of the Annotated Code of Maryland (the “STD Act” and, together with the TIF Act, the “Acts”) established a contiguous area located within the City as both a “development district” (as defined in the TIF Act) and a “special taxing district” (as defined in the STD Act), and designated such area as the “Shades Lane Development District” (the “District”); and

Whereas, pursuant to Ordinance No. 3507, approved by the Mayor and City Council on October 5, 2004 (the “Ordinance”), the City authorized the issuance of special obligation bonds in an amount not to exceed \$750,000 pursuant to the authority of the Acts in order to finance certain infrastructure improvements within or related to the District; and

Whereas, pursuant to the Ordinance and an Executive Order of the Mayor executed and delivered on April 21, 2005 pursuant to the authority of the Acts and the Ordinance, the City issued and delivered its Mayor and City Council of Cumberland Special Obligation Bond (Shades Lane Project), Series 2005 on April 22, 2005 in the original principal amount of \$480,000 (the “Bond”); and

Whereas, the Ordinance provides that debt service on the Bond will be payable in the first instance from property taxes on real property located within the District representing the

levy by the City and County Commissioners of Allegany County (the “County”) on the Tax Increment (as defined in the Resolution), and to the extent such incremental tax revenues prove insufficient, in the second instance from a special ad valorem tax or taxes levied upon property within the District; and

Whereas, it has been determined by City staff that revenues from taxes levied by the City and the County are and will be insufficient to cover debt service on the Bond and that it will be necessary to levy a special ad valorem tax on real property located within the District for the fiscal year beginning July 1, 2015 and ending June 30, 2016 at the rate of Zero Dollars and Ten Cents (\$0.1000) per One Hundred Dollars (\$100.00) of assessable base in accordance with the authority set forth in the Ordinance; and

Whereas, it has been determined that such special ad valorem tax should be set at a rate of Zero Dollars and Zero Cents (\$0.00) per One Hundred Dollars (\$100.00) of assessable base with respect to personal property located within the District.

Now, Therefore

Section 1: BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF CUMBERLAND, that in accordance with and pursuant to the authority of the STD Act and the Ordinance, for the fiscal year beginning July 1, 2015 and ending June 30, 2016, there is hereby levied a special ad valorem tax, at the rate of Zero Dollars and Ten Cents (\$0.1000) per One Hundred Dollars (\$100.00) of assessable base, on real property located within the District.

Section 2: AND BE IT FURTHER ORDAINED that in accordance with and pursuant to the authority of the STD Act and the Ordinance, for the fiscal year beginning July 1, 2015 and ending June 30, 2016, there is hereby levied a special ad valorem tax, at the rate of Zero Dollars

and Zero Cents (\$0.00) per One Hundred Dollars (\$100.00) of assessable base, on personal property located within the District.

Section 3: AND BE IT FURTHER ORDAINED, that the special ad valorem tax levied pursuant to the provisions of this Ordinance shall be collected and deposited by the City Treasurer or other appropriate official in the Shades Lane Special Taxing District Fund established pursuant to the Resolution, and shall be applied in accordance with the provisions of the STD Act, the Resolution, the Ordinance and the Financing and Bond Purchase Agreement dated as of April 22, 2005 entered into between the City and Susquehanna Bank, the purchaser of the Bond, in connection with the issuance of the Bond.

Section 4: AND BE IT FURTHER ORDAINED, that the appropriate officials of the City are hereby authorized and directed to take all action necessary to provide for the billing, collection and application of the special ad valorem tax relating to the District provided for in this Ordinance.

Section 5: AND BE IT FURTHER ORDAINED, that this Ordinance shall take effect from the date of its passage.

ORDINANCE NO. _____

AN ORDINANCE OF THE MAYOR AND CITY COUNCIL OF CUMBERLAND, MARYLAND, ENTITLED "AN ORDINANCE TO REPEAL AND RE-ENACT WITH AMENDMENTS SECTION 11-94 OF THE CODE OF THE CITY OF CUMBERLAND (1991 EDITION) ENTITLED 'AIRGUNS, SLINGSHOTS, ETC.' FOR THE PURPOSE OF MODERNIZING THE PROHIBITIONS PERTAINING TO WEAPONS OTHER THAN FIREARMS WHICH SHOOT PROJECTILES, PROVIDING A MORE COMPLETE LISTING OF THE WEAPONS SUBJECT TO ITS TERMS, AND IMPLEMENTING A PERMITTING PROCESS FOR PERSONS ENGAGED IN THE BUSINESS OF WILDLIFE DAMAGE CONTROL TO USE BB GUNS OR AIR GUNS IN THE PERFORMANCE OF THEIR WORK DUTIES."

WHEREAS, section 11-94 of the City Code prohibits the discharge of air guns and similar weaponry other than firearms which discharge projectiles. It also prohibits the possession of such weaponry upon the streets and alleys of the City.

WHEREAS, one of the purposes of this ordinance is to render section 11-94 inapplicable to bean shooters, slingshots and blow pipes and to extend its prohibitions to bb guns, paintball guns, airsoft guns, bows and crossbows so as to modernize its terms relative to the types of weapons which are more commonly utilized today and which present a public safety risk. The use of the newly added weapons is already prohibited by the terms of section 11-94; however, expressly listing them provides clearer notice of the applicable prohibitions.

WHEREAS, there have been an increasing number of incidents in the City and elsewhere where firearm replicas are being used in the commission of crimes. There was a recent incident where juveniles were apprehended for

discharging bb guns on City streets. The potential for police officers to use their service weapons in incidents where juveniles or others may inadvertently point the types of weapons which are the subject of section 11-94 at them will hopefully be limited by the amendments provided for under the terms of this ordinance.

WHEREAS, from time to time, the City receives requests from persons engaged in the pest control business (i.e., the holders of Wildlife Damage Control Permits issued pursuant to COMAR 08.03.15) to allow for their use of bb guns and air guns for pest eradication purposes. The amendments effected by this ordinance provide for a permitting process for such use.

NOW, THEREFORE:

SECTION 1: BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF CUMBERLAND, MARYLAND, that section 11-94 of the Code of the City of Cumberland (1991 Edition) be and is hereby repealed and reenacted with amendments, to read as follows:

Sec. 11-94. - Air guns, spring guns, etc.

No person shall discharge, fire or shoot any air gun, spring gun, bb gun, paintball gun, airsoft gun, bow or crossbow or any other similar contrivance manufactured and calculated to discharge any shot or missile within the city, and no person shall possess any such weapon upon any of the streets or alleys of the city; provided, however, that this provision shall not prohibit the discharge of a paintball gun or airsoft gun on any property where paintball and/or airsoft competitions are permitted by the property owner. Notwithstanding the foregoing, a holder of a Wildlife Control Permit issued pursuant to COMAR 08.03.15 may apply to the Chief of Police for a permit to utilize a bb gun or air

gun on a single day for bona fide pest control work-related purposes, provided the applicant is able to provide proof of satisfactory insurance coverage. The Chief of Police shall give due consideration to safety issues in determining whether to issue a permit or whether to impose conditions on its issuance.

SECTION 2: AND BE IT FURTHER ORDAINED, that this Ordinance shall take effect from the date of its passage.

SECTION 3: AND BE IT FURTHER ORDAINED, that the City Clerk shall cause the title of this Ordinance and the text after the introductory recitals to be published in the Cumberland Times-News for three (3) successive days, excluding Sundays.

AN ORDINANCE OF THE MAYOR AND CITY COUNCIL OF CUMBERLAND, ENTITLED "AN ORDINANCE TO REPEAL AND REENACT WITH AMENDMENTS SECTION 2-176 OF THE CODE OF THE CITY OF CUMBERLAND (1991 EDITION) PROVIDING FOR LOCAL PREFERENCES IN THE AWARDING OF CONTRACTS REQUIRING COMPETITIVE BIDDING FOR THE PURPOSE OF INCREASING THE LOCAL PREFERENCE FOR CITY BIDDERS AND CLARIFYING THE MANNER IN WHICH THE LOCAL PREFERENCES ARE APPLIED."

SECTION 1: BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF CUMBERLAND, MARYLAND, that Section 2-176 of the Code of the City of Cumberland (1991 Edition) be and is hereby repealed and reenacted to read as follows:

Sec. 2-176. - Local preference in the awarding of contracts requiring competitive bid.

- (a) *Amount/application of local preference.* In any instance where competitive bidding is required pursuant to the provisions of sections 2-171(a) or 2-173 and the contract is completely funded by the city, without contribution, in whole or in part, from any third parties, unless preference percentages are otherwise established by the mayor and city council, a local preference of eight percent (8%) shall apply for bidders who reside in the City and a local preference of five percent (5%) shall apply for bidders who reside in Allegany County, Maryland but outside of the city. The preference shall be implemented by multiplying the applicable percentage by the lowest or best bid deemed to be reasonable and in the best interests of the City and subtracting the product from the applicable local bidder's bid. Notwithstanding the foregoing, the local preference for commission-based contracts shall be one-half ($\frac{1}{2}$) of a percent for city residents and one-quarter ($\frac{1}{4}$) of a percent for county residents. The following examples illustrate the manner in which the preferences provided for herein are to be applied:

Example No. 1

County bid is deemed to be low bid

Bid Amount	Applicable Preference	Calculation
\$100,000	County (5%)	\$100,000 - \$5,000 (5% of low bid of \$100,000) = \$95,000
\$105,000	City (8%)	\$105,000 - \$8,000 (8% of low bid of \$100,000) = \$97,000
\$110,000	No preference	\$110,000

Example No. 2

City bid is deemed to be low bid

Bid Amount	Applicable Preference	Calculation
\$100,000	No preference	\$100,000
\$105,000	City (8%)	\$105,000 - \$8,000 (8% of low bid of \$100,000) = \$ 97,000
\$105,000	County (5%)	\$105,000 - \$5,000 (5% of low bid of \$100,000) = \$100,000

(b) *Eligibility for local preference.*

(1) *Eligibility for city preference.* A vendor shall be deemed to be a resident of the city if it maintains an active bona fide place of business within the city and, in the case of a corporation or other association which is required to register with the state of Maryland in order to do business therein, it is duly qualified to do business and is in good standing under the laws of the state.

(2) *Eligibility for county preference.* A vendor shall be deemed to be a resident of the county if it maintains an active bona fide place of business within the city and, in the case of a corporation or other association which is required to register with the state of Maryland in order to do business therein, it is duly qualified to do business and is in good standing under the laws of the state.

(3) *Written application required.* The preferences provided to residents of the city and county under this section shall be deemed to be waived unless a vendor seeking the benefit of those provisions certifies under the penalties of perjury that it is qualified as a resident vendor under the terms of subsections (b) (1) or (b) (2) above and said certification is included in the vendor's bid submissions.

(4) *Payment of taxes required.* In order to receive the preferences provided for in this section, city residents' City of Cumberland and Allegany County real and personal property taxes must be paid current through the date of the submission of bids and county residents' Allegany County real and personal property taxes must be paid current

through that date. Such taxes shall not be deemed to be current if they are unpaid, in whole or in part, as of the date interest begins to accrue on the unpaid balance thereof in accordance with Ann. Code of Md., art. Tax-Property, §§ 10-102 and 10-103.

- (c) In any instance where a grant is utilized to fund a purchase which is required to be made upon competitive bidding pursuant to section 2-171(a) or 2-173, this section shall be of no effect if the terms and conditions applicable to such grant prohibit local preferences.

[Note: A text edited version showing the changes made is attached hereto as Exhibit A.]

SECTION 2: AND BE IT FURTHER ORDAINED, that this Ordinance shall take effect on July 6, 2016.

hereinafter "MEA"

and

**Fiscal Year 2016 Existing Maryland Smart Energy Community:
City of Cumberland

hereinafter "Grantee"

PREMISES

The Maryland Energy Administration (MEA) developed and administers the Maryland Smart Energy Communities (MSEC) Grant Program pursuant to the authority provided in Sections 9-2003 and 9-20B-01 *et seq.* of the Maryland Code, State Government Article. The MSEC Grant Program is funded through the Strategic Energy Investment Fund (SEIF). *See* Md. Code, Section 9-20B-05 *et seq.* of the State Government Article. By statute, the use of SEIF is divided into different sub-categories, including investments in cost effective energy efficiency and conservation programs, low and moderate income energy efficiency and conservation programs, and renewable and clean energy resources.

The purpose of the MSEC Grant Program is to encourage local Maryland governments, including counties and municipalities, to voluntarily adopt formal policies to encourage energy efficiency, renewable energy development, and/or reduce reliance on petroleum as a fuel for transportation, and to implement projects to achieve the objectives of such policies. To implement this purpose, the Program has two separate but related components, policy development and project development. Grantee has complied with the requirements for new Maryland Smart Energy Communities, which includes the development and formal adoption of policies promoting energy-efficiency and renewable-energy generation; and developing both a baseline for energy measures and an energy plan. Grantee has also received funding under an FY15 Program grant to retrofit lighting at three City-owned facilities in addition to HVAC retrofits at the Waste Water Treatment Plant Administrative Building in furtherance of its commitment to reduce municipal electricity consumption.

Grant # 2016-03-420S1

MEA issued a notice of opportunity for funding through the MSEC Grant Program for FY 2016 and, upon evaluating Grantee's application of a project concept to procure and install electronically controlled valves as part of the aeration operation at the Cumberland Waste Water Treatment Plant, MEA has determined that Grantee is eligible for an award in FY 2016 for a Program grant as an Existing MSEC. The amount and authorized uses of the Grant Award, as well as terms, conditions, and restrictions, are set forth in this Grant Agreement.

NOW, THEREFORE, the parties hereby agree as follows:

I. Purpose of Grant

(A) Purpose. The purpose of this Maryland Smart Energy Communities Grant (the "Grant") to an Existing MSEC is to provide technical assistance and funding as part of the Program to assist Grantee in replacing the manual valves on the three basin aeration pipes with electronically controlled valves; and to install flow control by installing a pressure sensor in the manifold to equalize dissolved oxygen levels ("the Project"). This work is part of the Aeration Operation at the Cumberland Waste Water Treatment Plant

II. Project Description and Costs Eligible for Reimbursement

A. Project Description.

(1) MEA is making available this grant award for the proposed project, whose scope shall be determined through the following process. Funding is not guaranteed until the detailed project scope is approved by MEA, using the process specified herein in section (A)(1).

(a) The Grantee shall complete both Attachment A "MSEC Project Development Form" and any necessary supporting documentation requested by MEA and submit to MEA by November 15, 2016, as specified herein in section (C)(1), unless a request for an Attachment A deadline extension is submitted to MEA by November 2, 2016 and approved in writing by the MEA Program Manager. The project described in Attachment A shall be consistent with subsection (1) above. Detailed project specific information, including but not limited to actual vendor pricing and detailed project savings estimates to be submitted by Grantee as Attachment A, is necessary so that MEA may determine whether the final project scope ultimately funded through MSEC meets all Program requirements.

(b) MEA will not approve a project submitted by Grantee in Attachment A that is inconsistent with the project described in Grantee's application, or inconsistent with the allowable uses and requirements of the MSEC Grant Program outlined in this Grant Agreement. MEA Project approval is dependent on an MEA determination that the Project,

Grant # 2016-03-420S1

Project approval is dependent on an MEA determination that the Project, as set forth by Grantee in Attachment A, meets all program requirements. If Grantee anticipates any deviation from the original project described in Grantee's application, Grantee must consult with the MEA Project Manager prior to November 15, 2016 and any modification to the original project is subject to MEA approval.

Grantee must provide complete and accurate information in Attachment A in order for a project to be considered for MEA approval. Submission of incomplete or inaccurate information may delay approval and ultimately prevent Grantee from meeting the timeframes set forth in Section II(c) below.

(c) After review of a complete and accurate Attachment A and determination by MEA that the Project meets all program requirements as outlined in this Agreement, MEA will provide Grantee with a completed "Project Approval Form" using Attachment B, which will describe the project approved by MEA ("the Approved Project").

(d) Once MEA has issued a Project Approval Form (Attachment B), additional energy measures not specifically included under Section I(A) are *not* eligible for funding under this Agreement.

(2) The completed Project Approval Form indicating the Approved Project shall be incorporated into this Agreement as Attachment B. Attachment B (Approved Project) shall not contain any terms or conditions other than a Project Description and Project Completion timeline. If Attachment B (Approved Project) contains any terms and conditions other than a Project Description and Project Completion timeline, such terms and conditions are not incorporated into this agreement, and are not agreed to by MEA. In the event of any conflicts between Attachment B (Approved Project) and this Agreement, the terms of this Agreement shall control.

(3) The Approved Project shall meet the following requirements to be funded as an MSEC Energy Efficiency and Conservation project:

(a) Be at least 10% more efficient than local codes or federal standards require;

(b) Be cost effective, which is defined as having a simple payback time that is less than the useful life of the Project; and

(c) Provide substantial electricity savings that allows Grantee to make significant progress in meeting its electricity consumption reduction goal.

MEA shall have the complete and sole discretion to determine when these requirements are met.

Grant # 2016-03-420S1

(B) Reimbursable Costs

Only those costs or expenditures specified below are eligible for reimbursement under this Grant.

(1) Direct Project Costs – At least 70% of the Grant Award shall be for reimbursement of approved expenditures associated with the Approved Project such as labor, equipment and material.

(2) Project Preparation Costs –

(a) Only up to 30% of the Grant Award may be used to reimburse the local jurisdiction for approved expenditures associated with: the development and adoption of Policies, Plans or Baselines; Project design and development; feasibility studies; energy audits; reasonable administrative costs; staff time or consultant fees.

(b) When applicable, prior to beginning any feasibility study, the Grantee shall first gain approval by MEA. The Grantee shall show how each measure can be installed within 5 years of the Baseline year and the need for the feasibility study before embarking on a project.

(c) Administrative Costs – Only up to 10% of the total amount of the grant may be used for reasonable administrative costs; staff time or non-energy auditing consultant's fees needed to implement MSEC programmatic activities. If Grantee uses less than 10% of the total amount of the grant for Administrative Costs, Grantee may use the remaining portion for Policy and Project Preparation Costs, consistent with subsection (a) herein above.

(C) Program Timing and Deadlines Grantee shall comply with the following deadlines unless an extension is given in writing by the Program Manager, consistent with this section:

(1) By November 15, 2016 - Grantee shall submit to MEA a completed Attachment A "MSEC Project Development Form".

(2) May 15, 2017 - Grantee shall complete the Project(s) approved by MEA and specified on the completed Project Approval Form.

(3) By June 15, 2017 – Grantee shall submit to MEA all Reports and final invoices requesting Program cost reimbursements consistent with Section IV (B).

Extensions may be requested in writing in advance of a deadline, but are not guaranteed. Extensions shall only be permitted for good cause shown, such as circumstances outside

Grant # 2016-03-420S1

of Grantee's control, as determined solely by MEA in writing. Extensions shall not be granted for any energy measures not listed in Section I(A) of this Agreement.

(D) Program Requirements and Restrictions

(1) No Project supported with the Grant Award may begin until after each of the following occurs:

(a) Grantee submits to MEA a completed MSEC Project Proposal Form, attached hereto as Attachment A;

(b) MEA's historic preservation specialist determines that the Project will have no adverse effect on historic properties;

(c) Grantee receives the MSEC Project Approval Form, attached hereto as Attachment B, signed by MEA; and,

(d) Grantee has obtained all required local, State and federal licenses, permits, and other authorizations.

(2) A project proposed for facilities or property owned by the Grantee shall be given priority. A project proposed for facilities or property not owned by the Grantee may be considered for approval by MEA, but funding for such projects are not guaranteed.

(3) Failure to formally adopt the Policies or complete the Project by the deadlines set forth herein may result in Grantee having to reimburse Grant funds to MEA, unless such delay is caused by factors outside of Grantee's control, as determined by MEA.

(4) MEA does not intend to fund energy efficiency projects that involve fuel switching. The decision to fund a project shall be at the sole discretion of MEA.

(5) If at any time MEA determines that Grantee has not demonstrated sufficient progress toward meeting the Policy and Project deadlines set forth above, MEA may terminate this Agreement and may require that Grantee reimburse Grant funds to MEA, unless such delay is caused by factors outside of Grantee's control.

(6) Expenditures on Policy or Project development, Plans or Baselines that have not been pre-approved in writing by MEA may not be reimbursed with Grant funds.

Grant # 2016-03-420S1

(D) For monitoring and evaluation purposes, the Grantee shall make available to MEA, or its agents, all reports, activities logs, work sites, timelines, estimated and actual energy savings and/or generated, or other information related to the Grant activities during regular business hours. Reporting metrics (electricity consumption data) shall be made available by the grantee to MEA for a period of five years after the project for which grant funding is received.

(I) Projects must be located within the State of Maryland.

V. General Conditions

(A) Any expenditure of Grant funds that is not consistent with the purposes of the grant award, or that violates any requirement, term or condition of the Grant Program or this Agreement, may, in the sole judgment of MEA, be disallowed. Should any expenditure be disallowed, the State may require repayment to MEA for reimbursement of the Strategic Energy Investment Fund, an offset from any State grant to the Grantee in the current or succeeding fiscal year, or other appropriate action. The Grantee shall immediately repay to the State any part of the Grant that is not used for the purposes of the Program.

(B) Grantee may not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, or any other characteristic forbidden as a basis for discrimination by applicable laws, and certifies that its Constitution or by-

laws contains a non-discrimination clause consistent with the Governor's Code of Fair Practices.

(C) Grantee shall ensure that all work performed pursuant to the Grant and this Agreement is completed by contractors and/or staff holding all necessary certifications and licenses. Additionally, all work performed pursuant to the Grant shall comply with all applicable local, State, and federal building codes and other applicable laws and regulations.

(D) The person executing this Agreement on behalf of the Grantee certifies, to the best of that person's knowledge and belief, that:

(1) He or she is authorized to sign this Agreement on behalf of the Grantee and to commit the Grantee to the obligations set forth herein.

(2) Neither the Grantee, nor any of its officers or directors, nor any employee of the Grantee involved in obtaining contracts with or grants from the State or any subdivision of the State, has engaged in collusion with respect to the Grantee's application for the Grant or this Agreement or has been convicted of bribery, attempted bribery, or conspiracy to bribe under the laws of any state or the United States;

Code, Section 9-20B-11 of the State Government Article.

VII. Historic Preservation Review

For each project being funded in whole or in part through this Agreement, a historical preservation review must first be completed by the Maryland Historical Trust (MHT) or MEA's historical preservation expert. This review ensures that no historical property is "adversely affected" through this Program. Prior to starting construction, Grantee shall assure that MEA has received documentation from MHT or MEA's historical preservation expert indicating that the Project will have no adverse effect on a historical property.

If necessary and when requested by MEA, Grantee shall provide to MEA any additional documentation needed to facilitate the required historic preservation review.

VIII. Maryland Saved Harmless

To the extent allowed by Maryland law, the Grantee agrees to defend, indemnify and hold MEA harmless from and against any and all damages, claims, lawsuits, actions, and reasonable out-of-pocket costs and expenses, in whatever form, arising from or related to the Grant. MEA expressly reserves the right of any immunity MEA or its employees may possess under State or federal law. If the Grantee is a Maryland State agency or local government, then each party shall be responsible for its own liability associated with the Grant, and neither party waives any applicable immunities.

IX. Environmental Standards and Liability

The Grantee shall ascertain and abide by all applicable environmental standards set by federal, state or local laws, rules or regulations related to the performance of the obligations pursuant to the Agreement (hereinafter referred to as "Environmental Standards"). The Grantee shall monitor its compliance with Environmental Standards and immediately halt and correct any incident of non-compliance.

In the event of any incident of non-compliance with Environmental Standards, the Grantee shall:

1. Give MEA immediate notice of the incident to the Agreement Representative, or designee, providing as much detail as possible;

Grant # 2016-03-420S1

2. If requested by MEA, submit a written report to MEA, identifying the source or cause of the non-compliance and the method or action required to correct the problem; and
3. Cooperate with MEA or its designated agents or contractors with respect to the investigation of such problem.

To the limits allowed by Maryland law (and without waiving any local or State government immunities that may apply if Grantee is a Maryland State or local government), the Grantee shall be liable for (a) all environmental losses, including but not limited to, costs, expenses, losses, damages, actions, claims, penalties, fines and remedial or cleanup obligations arising from its failure to comply with Environmental Standards; and (b) any hazardous material located or placed in the Project and any requirements imposed by any governmental authority with respect to hazardous materials, arising in connection with the Grant or the Project.

XI. Liability Insurance

(A) For all work performed by the Grantee that is to be funded in whole or in part with grant funds provided by MEA, Grantee shall purchase and maintain comprehensive third-party legal liability insurance or its equivalent. Grantee shall also maintain other such insurance as is appropriate for the work to be performed. **For a Maryland State or local government entity that is self-insured, a document detailing the statutory basis for self-insurance may be accepted by MEA as an equivalent form of insurance under this paragraph.**

(B) All insurance must name MEA as an additional insured. The insurance provided shall include, but not be limited to, insurance protecting MEA from bodily injury and property damage, including, but not limited to all workers' compensation insurance, and errors and omissions. Grantee shall maintain insurance documentation in a Grantee-owned facility and shall provide to MEA, upon demand, a certificate or other documentation deemed appropriate by MEA, evidencing MEA's status as an additional insured.

(D) Grantee shall include in all of its contracts for work that is to be funded in whole or in part with grant funds provided by MEA a provision or provisions requiring all contractors to purchase and maintain comprehensive third-party legal liability insurance and other such insurance as is appropriate for the work to be performed. All insurance provided by the contractor must name MEA as an additional insured. The insurance provided shall include, but not be limited to, insurance protecting MEA from bodily injury and property damage, including, but not limited to all workers' compensation insurance, and errors and omissions.

Grantee shall also allow MEA employees or representatives access to the relevant project site in order to take photographs or video of the project for MEA use.

(B) The Grantee understands and agrees that MEA may use information about the project for reporting and marketing purposes, including but not limited to the project description, building type, energy measures, project costs, leveraged funds, energy and financial savings, and pictures and videos of the premises. MEA shall provide the Grantee an opportunity to review and consult with MEA to assure that a written case study, photo or video taken of its facility will not disclose confidential personal and/or business information.

- 1** This grant award is subject to the General Conditions (POST AWARD INSTRUCTIONS) found on the GOCCP website (<http://www.goccp.maryland.gov/grants/general-conditions.php>). The aforementioned General Conditions/Post Award Instructions are REQUIRED to be reviewed, should be printed for your reference and are subject to change without written notice.

In addition, the Grantees Toolbox is provided as a resource on the GOCCP website (<http://www.goccp.maryland.gov/grants/grantee-toolbox.php>) to address frequently asked questions.

- 2** This grant may only be used for the following activities:

a. Sworn Employee School Bus Safety Enforcement overtime efforts related to vehicles illegally passing school vehicles.

Sworn Employee School Bus Safety Enforcement is defined as: observing and patrolling school bus routes and traffic along school bus routes, writing citations and warnings related solely to school bus enforcement, and preparing any necessary follow-up paperwork directly related to citations and warnings issued for violations of Annotated Code of Maryland, Transportation Article, Section 21-706.

Should infractions of other Maryland laws be observed by sworn employees working under the School Bus Safety Enforcement program, especially those that may put school children in danger, the sworn employees will be permitted to take action, but the primary purpose of this grant is to enforce the Annotated Code of Maryland, Transportation Article, Section 21-706.

If serious infractions of Maryland law leading to arrests are witnessed by sworn employees working under the School Bus Safety Enforcement grant, and the amount of time to process these arrests exceeds the hours previously assigned under the School Bus Grant, this grant will only pay for those hours previously approved.

b. Administrative Overtime includes only the time spent writing and completing citations and warnings issued under this grant.

Project funds may not be used for any purposes other than those stated in the Agency's approved Grant Application. Sub-recipients are not permitted to use RADAR, VASCAR, LIDAR, or any other type of speed enforcement devices while working on the School Bus Safety Enforcement program.

Any requests for changes or modifications to the Grant Award shall be made in writing to GOCCP using the GOCCP Modification Request form and shall require written approval before they are implemented.

Project funds may not be used to pay for the time it takes an officer to drive from his home to the School Bus Safety Enforcement grant targeted enforcement area.

- 3** SUPPLANTING: The agency may not use the grant as a substitute for money that otherwise would be available and used by the law enforcement agency for enforcement purposes related to vehicles illegally passing school bus vehicles.
- 4** All financial and programmatic documentation, (including time sheets, detailed verification of work performed, i.e. - bus routes patrolled, number of buses observed, approved overtime sheets, etc.) shall be maintained for a minimum of five years, and shall be made available for audit by GOCCP personnel upon request.

- 5** The Project Director shall be responsible for ensuring that all reports are completed and forwarded to GOCCP in a timely manner and shall monitor grant program activities to ensure that all requirements and conditions associated with the grant award are followed.
- 6** Sub-recipients are not permitted to exceed more than a total of 8 hours of overtime per day in relation to School Bus Safety Enforcement program. Any overtime hours worked in excess of the daily maximum hours will not be reimbursed.
- 7** Sub-recipients shall consult with their local school board and local pupil transportation system to identify locations of frequent violations. Sub-recipients shall work with these agencies in a cooperative effort to assess the effectiveness of current and prior enforcement efforts and to redirect enforcement efforts on problem areas to adjust for changing conditions. Press conferences, media releases, printed educational information, and other public announcements regarding this program shall be done in conjunction with these agencies.
- 8** Each sub-recipient must meet with the Maryland Association of Pupil Transportation Board for their county by December 31st of the current fiscal year (FY) to discuss the problem of drivers illegally passing school vehicles and their proposed enforcement strategy. By March 31st of the current FY, each sub-recipient will submit a letter from the Maryland Association of Pupil Transportation Board to confirm that the required meeting was held. The letter must also describe any problems addressed at the meeting and the proposed solutions.
- 9** When issuing public statements or other documents relating to this project, the source of funding of this project and role of GOCCP must be acknowledged. The sub-recipient will ensure that all publications resulting from this project will contain the following statement: "This publication was funded by the Governor's Office of Crime Control & Prevention under the Statewide School Bus Safety Enforcement Program."

Dear Mr. Rhodes,

On behalf of Western Maryland Scenic Railroad, I am asking for your help and generosity in allowing us to obtain the B&O Caboose that is currently located at Constitution Park, as well as the ability to have the time needed to find assistance and/or funding in order to relocate the caboose to WMSR property.

It is our hope that, with the acquisition of this caboose, that we can restore it to its original B&O livery (paint scheme) in time for the 175th anniversary of the Baltimore and Ohio Railroad. This caboose was completely manufactured in our area, and by being a part of our organization, it can be preserved and appreciated by current and future generations of railfans and Western Maryland Scenic Railroad guests. In order to honor its place of origin, we would name it "The Pride of Cumberland" in an effort to remind those who visit where this valuable piece of railroad history came from.

We want to thank you, in advance, for considering us for this acquisition.

Sincerely,

John Garner
Western Maryland Scenic Railroad

Dear Ms. McKinney,

On behalf of Western Maryland Scenic Railroad, I am asking for your help and generosity in allowing us to obtain four currently unused bus stop shelters, as well as the ability to have the time needed to find assistance and/or funding in order to relocate them.

With these bus stops, our organization will be able to provide covered shelters along the halfway point of our route (which we refer to as “LAP”), as well Maryland Junction (an area that provides scenic vistas of the Potomac River, and also part of our route that is not used as frequently as the traditional Cumberland/Frostburg excursion). It is our hope to create picnic areas for guests to be able to enjoy lunch, scenery, and fresh air, if they choose to do so.

With the acquisition of these shelters, we will be able to enhance the experience of our passengers as they ride with us on the railroad, which is one of the premier tourist attractions in western Maryland. And as we are able to draw more visitors to Allegany County and Cumberland, this will in turn help to increase patronage to other local businesses and destinations, improving the economy in the area for everyone.

Sincerely,

John Garner
Western Maryland Scenic Railroad
