## **Warrant Fugitive Initiative**

September 2015 totals for warrant initiative, broken down by agency:

CPD	10 arrests	12 warrants served
ACSO	11 arrests	15 warrants served
MSP	0 arrests	0 warrants served
FPD	1 arrest	1 warrant served
C3I	4 arrests	4 warrants served
C3IN	0 arrests	0 warrants served
OTHER	0 arrests	0 warrants served
<b>TOTALS</b>	<b>26 arrests</b>	<b>32 warrants served</b>

Of these, Detective David Broadwater arrested 26 people and served 32 warrants.

He opened 23 "Fugitive" investigations and made arrests in 12 existing cases, for a total of 35 cases generated for the month.

### **SIGNIFICANT CASES:**

1.) During the week of September 14-18, 2015, a warrant sweep was conducted in Allegany County as part of the "Safe Streets" initiative. Detective Broadwater was personally responsible for arresting 15 suspects and serving 21 warrants.

2.) After learning of a warrant for a suspect wanted by CPD for the theft of three handguns, Detective Broadwater contacted several acquaintances of the suspect and learned what vehicle he was using and that he was camping in a wooded area on private property near Little Orleans. The suspect had also made the statement that he was not going back to jail, and would "go out in a blaze if glory". Detective Broadwater was able to locate the vehicle. He quickly determined that there was only one way into the area and no way to approach the suspect without alerting him. Knowing that the suspect was alleged to be in the possession of the stolen handguns, and that he had made the statements about not going back to jail, he decided to set up surveillance on the main road leading into the area. Detective Broadwater maintained surveillance until he observed the vehicle. With the assistance of the Maryland State Police, they followed the vehicle to a private residence, and when the suspect exited the vehicle, they were able to surprise the suspect and place him under arrest at that time without incident.

**CPD ACTIVITY  
OUTSIDE CPD JURISDICTION**

**SEPTEMBER 2015**

9/5/15 CPD Units were returning from the Allegany County Detention Center when they stopped to assist an Allegany County Sheriff's Deputy with a large fight at Shooter's Bar on McMullen Highway. CPD Officers assisted with the investigation until further county and state units arrived on the scene.

## **Community Development**

The Community Development Department reports the following activities for the month of August, 2015:

During the month of August, CDBG staff worked on the CAPER report through IDIS, gathering quarterly reports and other data from community partners, and data entry. CDBG staff continued work on the environmental process regarding the new 2015 projects. Staff continued to work with the Animal Shelter staff and Board members regarding initiation of the new Animal Shelter facility although some delays have occurred regarding moving forward. Staff will be working to expend older year CDBG funding and complete those projects as HUD will be watching spending rates of older funds. Terri Hast and Lee Borrer did an excellent job in undertaking the Neighborhood Night out program at the Salvation Army/ Jane Frazier site. The Night Out was well attended. CDBG staff continued to work to complete the environmental process needed to free up the new CDBG projects. Staff also assisted the Public Housing Authority related to completion of required forms necessary to achieve release of funds. Lee Borrer, Carolyn Martin, Pip staff, and Jay Oliver worked with HUD staff regarding their monitoring of the City Property Improvement Program. Staff also took HUD staff on a tour of various Pip improved properties. HUD suggested some file and project tracking improvements which staff will address to improve the program tracking. Staff attended Allegany County transit meeting, completed technical assistance to sub-recipients, provided on-site YMCA Environmental Review Technical Assistance, created/facilitate HRC agenda and meeting, provided on-site environmental review for YMCA projects included in the 5 year CDBG plan. Staff completed June supplemental draw. Staff will be attending training regarding improved transportation opportunities for low income and minority residents.

The Certified Local Government sub grant-funded project to update the historic context and Preservation Guidelines for the Canal Place Preservation district was completed on August 31<sup>st</sup>. Final documents have been received and will be presented to the Mayor and City Council in October. A timeline for introducing the public to the new documents will be finalized in September. Final grant reporting documents are due for submission to the Maryland Historical Trust by September 15<sup>th</sup>.

Two projects were elected to receive Upper Story redevelopment funding and received approval for the forgivable loans at the Mayor and City council's August 4<sup>th</sup> meeting. Loan documents are currently under review by the City solicitor and community Development staff are currently working with the recipients on predevelopment tasks.

The first notice to proceed was issued to the first complete Neighborhood Matters recipient at 240 North Mechanic Street. Additional progress has occurred and staff is working with property owners to complete any needed local permits and anticipates issuing additional notices to proceed by early September. Applications were sent to persons who were placed on the waiting list so that additional projects can move forward.

City staff worked with Allegany College of Maryland to complete a Community Parks and Playground application to compete for grant funding to construct a softball field on the Allegany College of Maryland campus. The application was submitted prior to the August 19<sup>th</sup> deadline and decisions are expected by June 2016.

The Historic Planner/Preservation Coordinator and Economic Development Coordinator met with Maryland Department of Housing and Community Development staff on August 5<sup>th</sup> to take site visits to proposed project sites from this year's Community Legacy application. Decisions on funding are expected in October.

Routine grant administration reports were submitted to the State Highway Administration, Maryland Historical Trust, and Department of Housing and Community Development.

### **Comptroller's Office**

The Comptroller's office reports the following information for the month of August, 2015:

#### **Cash Flow:**

Attached for your review is a Cash Flow Summary for the month of August 2015.

On August 1, 2015 the City had a positive Cash Balance of \$5,260,714. During August 2015, there were debt payments totaling \$632,053. The cash balance at August 31, 2015 was \$5,835,287.

As of August 31, 2015 the significant balances are:

<u>Taxes receivable (General Fund):</u>	<u>\$7,259,855,</u>
FY 2016	\$5,697,198
FY 2015	\$822,685
FY 2014	315,924
FY 2013	39,418
FY 2012	37,535
FY 2011	52,575
Prior FY's	\$294,520

The current year taxes of \$5,697,198 is comprised of the following major taxes:

Real property (non-owner occupied)	\$ 2,522,477
Non-Corp Personal Property	8,468
Corporate Personal Property	298,244
Real Property (Semiannual payments)	\$2,744,091

Accounts Payable: \$ 943,623

(This excludes upcoming debt service payments and payroll.)

Payroll expenses for the upcoming month are an estimated \$1,100,000.

<b>Cash Flow Summary</b>		
<b>August 2015</b>		
	<u>Operating</u>	
	<u>Cash</u>	<u>Investments</u>
Beginning Balance 8/1/2015	\$ 5,260,714	\$ 5,111,290
Plus:		
Total Cash Receipts	\$ 4,159,650	\$
Cash Transfers (to Investments)	\$	\$
Less:		
Total Cash Disbursements	\$ 3,585,076	
Ending Balance 8/31/2015	\$ 5,835,287	\$ 5,111,290

**Long Term Financing:**

CDA 2015 included financing in the amount of \$3,226,875 for the City of Cumberland closed on August 27, 2015 which provided the funds for the capital projects and capital equipment acquisitions approved in the FY 2016 Budget. The State of Maryland sold its bonds at a premium, where the City of Cumberland's share of the premium was \$65,348.59 (\$24,406.43 for the 10 yr. bonds; and \$40,978.16 for the 20 yr. bonds) and the interest rates over the life of the bond issue ranges from 3.1% to 3.8%.

The balance of restricted investments now includes the CDA 2012 bond proceeds for capital projects in the amount of \$117,464. This does not include any use of the GOB 2013 Bonds proceeds of approximately 1.5 million remaining from the demolition of the Memorial Hospital. GOB 2008 was finally fully expended in April 2015. For CDA 2014 of the total bond issue of \$7,533,069, there is a balance of \$3,980,285 available for Capital Projects and Capital Equipment budgeted in FY's 2013, 2014 and 2015.

**Cash Balances and Taxes Receivable status:**

There has not been any need to obtain any short-term borrowing. The cash balance has improved and is expected to remain stable during FY 2016. The tax receivables of \$7,259,855 includes taxes that are not due until September 30, 2015, and the **real property taxes of \$2,522,477 (non-residential) are not due until 9/30/2015 and the \$2,744,091 (residential) has half of these taxes (\$1,372,045) due on 9/30/2015 and the balance of \$1,372,045 due on 12/31/2015.**

**ORDINANCE NO. \_\_\_\_\_**

AN ORDINANCE OF THE MAYOR AND CITY COUNCIL OF CUMBERLAND, MARYLAND, ENTITLED "AN ORDINANCE TO AUTHORIZE THE EXECUTION OF A DEED FOR THE PURPOSE OF CONVEYING CERTAIN SURPLUS PROPERTY LOCATED AT 534-536 COLUMBIA AVENUE IN THE CITY OF CUMBERLAND, ALLEGANY COUNTY, MARYLAND TO NAZIR GUL."

**WHEREAS**, Mayor and City Council of Cumberland is the fee simple owner of a certain parcel of real property together with the improvements thereon located at 534-536 Columbia Avenue, in the City of Cumberland, Allegany County, Maryland;

**WHEREAS**, the said property was declared to be surplus property under the terms of Order No. \_\_\_\_\_, passed by the Mayor and City Council on October 6, 2015;

**WHEREAS**, Nazir Gul desires to acquire the property, which is presently in a dilapidated condition, renovate it and bring it into compliance with applicable codes; and

**WHEREAS**, the Mayor and City Council of Cumberland deem it to be in the interest of the City to grant the said conveyance.

**NOW, THEREFORE**

**SECTION 1:** BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF CUMBERLAND, MARYLAND, that the Mayor and City Clerk be and they are hereby authorized to execute a deed in the form attached hereto as Exhibit A or in a similar form, conveying the aforesaid real property and improvements thereon to Nazir Gul, subject to certain rights of reverter as contained therein;

**SECTION 4:** AND BE IT FURTHER ORDAINED, that this Ordinance shall take effect from the date of its passage.

Passed this \_\_\_\_ day of \_\_\_\_\_, 2015.

# EXHIBIT A

**THIS QUITCLAIM DEED**, made this \_\_\_\_ day of \_\_\_\_\_, 2015, by and between **MAYOR AND CITY COUNCIL OF CUMBERLAND**, a Maryland municipal corporation, party of the first part, and **NAZIR GUL**, party of the second part, of Allegany County, Maryland.

**WITNESSETH:**

That for and in consideration of the sum of Zero Dollars (\$0.00) and for other good and valuable considerations, the receipt of all of which is hereby acknowledged, the party of the first part does hereby quitclaim to the party of the second part, his personal representatives, heirs and assigns, all of the party of the first part's right, title, interest and estate in and to the following described piece or parcel of real estate lying and being in the City of Cumberland, Allegany County, Maryland, to wit:

**ALL** that lot, piece or parcel of ground lying and being on the Southerly side of Columbia Avenue in Election District No. 5 in Allegany County, Maryland, which is more particularly described as follows:

**BEGINNING** for the same at a stake standing on the Southerly side of Columbia Avenue at the end of a line drawn South 68 degrees 45 minutes East 83.8 feet from the Southeast intersection of Columbia Avenue and Pear Street, and running thence with said side of Columbia Avenue South 68-3/4 degrees East 40 feet; thence South 22 degrees West 50 feet; thence South 28-1/2 degrees West 154.7 feet; thence North 64-3/8 degrees West 41-1/3 feet; thence North 28 degrees East 202 feet to the place of beginning.

**IT BEING** the same property which was conveyed from Laura Lee Lantz, Personal Representative of the Estate of George R. Knippenberg, Jr., to Mayor and City Council of Cumberland by deed dated May 2, 2013 and recorded among the Land Records of Allegany County, Maryland in Book 1967, Page 184.

**TOGETHER** with the buildings and improvements thereon, and the rights, roads, ways, waters, privileges and appurtenances thereunto belonging or in anywise appertaining.

**TO HAVE AND TO HOLD** the above-described property unto the party of the second part, his personal representatives, heirs and assigns, in fee simple.

In connection with the foregoing conveyance, the party of the first part and the party of the second part covenant and agree as follow:

1. The party of the second part shall secure the structure on the property by replacing doors and locks on the structure which is located on the property, as needed, no later than two (2) weeks from the date of this deed.

2. The party of the second part shall remove all junk and debris from the yard and the structure on the property no later than two (2) months from the date of this deed.

3. The party of the second part shall replace the roof of the structure on the property no later than one hundred (100) days from the date of this deed.

4. The party of the second part shall complete the renovation of the structure on the property and bring it in compliance with the City of Cumberland Housing Code and other applicable codes no later than eighteen (18) months from the date of this deed.

5. The party of the first part and its designees shall have the right to inspect the hereinbefore-described property from time to time in order to ensure that the work described in paragraphs 1-4 hereinbefore is progressing and being performed in the manner described herein; provided, however, that the party of the first part shall endeavor to give the party of the second part no less than three (3) days advance notice of any such inspections. The party of the second part shall fully cooperate with the party of the first part and its designees in regard to the scheduling and conduct of the inspections.

6. The party of the second part may not convey the property described above or any interest therein (aside from a security interest granted subject to these covenants, restrictions and agreements) to a third party until all of the conditions set forth in paragraphs 1-4 hereinbefore are

completed in accordance with the terms and provisions set forth therein. Any such conveyance or attempt at such conveyance shall be null and void.

7. Should the party of the second part fail to comply with the terms and provisions of paragraphs 1-4 hereinbefore, the title to the real property and improvements conveyed by the terms of this deed shall immediately and without the necessity of any further action on the part of the party of the first part, revert and revest in the party of the first part, and the party of the second part shall lose and forfeit all of his rights, title and interest in and to the said property and to the improvements, fixtures, rights, roads, ways, waters, privileges and appurtenances thereunto belonging or in anywise appertaining, and the party of the first part shall have the right of re-entry to the said property. Further, the party of the second part shall execute a deed effecting the conveyance of the hereinbefore-described property, improvements, fixtures, etc. to the party of the first part in the event the requirements set forth in paragraph 1-4 above are not satisfied in a timely manner. In the event the party of the first part institutes litigation to enforce the terms of this paragraph, the party of the second part shall be liable for the party of the first part's reasonable attorneys' fees.

8. In furtherance of the terms and provisions set forth in paragraph 7 above, the party of the second part hereby appoints Jeffrey Rhodes, City Administrator of the City of Cumberland, and his successor City Administrators, his true and lawful attorney-in-fact, with full power of substitution, hereby granting them full power and authority for the party of the second part and in his stead to execute and deliver a deed or deeds to the hereinbefore-described property to the party of the first part in the event the party of second part fails to comply with the terms and provisions set forth in paragraphs 1-4 hereinbefore and to do any and all acts required in order to effect the conveyance of the hereinbefore-described property to the party of the first

part in the event the party of the second part fails to comply with the said terms and conditions. The terms and provisions of this paragraph are irrevocable; however, they shall expire three (3) years from the date of this deed. The terms and provisions of this paragraph shall not be affected by the disability or incapacity of the party of the second part, but shall remain in full force and effect from time to time and at all times until his death.

9. Once the requirements set forth in paragraphs 1-4 above have been satisfied, upon the request of the party of the second part, the party of the first part shall deliver a deed to the party of the second part which shall effect the surrender of the rights of reverter described herein.

**IN WITNESS WHEREOF**, the parties hereto have caused these presents to be executed in their respective names and under seal and duly attested all on the day and date first above written.

**RESOLUTION NO. \_\_\_\_\_**

A RESOLUTION OF THE MAYOR AND CITY COUNCIL OF CUMBERLAND TO ADOPT A POLICY FOR THE REDUCTION OF ELECTRICITY CONSUMPTION AS PART OF THE MARYLAND ENERGY ADMINISTRATION'S SMART ENERGY COMMUNITIES PROGRAM.

- WHEREAS,** in 2015, the **MAYOR AND CITY COUNCIL OF CUMBERLAND** ("City") applied for acceptance into the Maryland Smart Energy Communities program administered by the Maryland Energy Administration; and
- WHEREAS,** in June 2015, the City entered into an agreement with the Maryland Energy Administration under which the City was awarded a grant of \$45,452.00 for energy efficiency and conservation projects; and
- WHEREAS,** the goal of the Maryland Smart Energy Communities program is for local governments to adopt policies and commit to them for the long term, leading to sustained energy savings and additional opportunities for renewable energy development; and
- WHEREAS,** through its participation in the Maryland Smart Energy Communities program, the City may receive grants to fund energy efficiency, renewable energy, or clean transportation projects, and may realize cost savings, improve its environmental performance, and stimulate better energy decisions among City departments; and
- WHEREAS,** becoming a Maryland Smart Energy Community requires the City to set a goal of reducing per-square foot electricity consumption of the City's government buildings by 15% within five years; and
- WHEREAS,** both the program application and the grant agreement obligated the City to adopt certain policies, including an electricity reduction policy; and
- WHEREAS,** the **MAYOR AND CITY COUNCIL OF CUMBERLAND** believes that by adhering to the Maryland Smart Energy Communities program, the City will demonstrate its commitment to being a socially responsible leader by decreasing its electricity consumption; and that investing in energy efficiency may result in significant monetary savings in the long term.

**NOW, THEREFORE, BE IT RESOLVED** by the **MAYOR AND CITY COUNCIL OF CUMBERLAND** that the Policy for Reducing Electricity Consumption, attached hereto as Exhibit A and incorporated herein by this reference, is hereby approved.

Given under our Hands and Seals this \_\_\_\_\_ day of \_\_\_\_\_, 2015, with the Corporate Seal of the City of Cumberland hereto attached and duly attested by the City Clerk.

**EXHIBIT A**  
**CITY OF CUMBERLAND ENERGY EFFICIENCY POLICY**

**A POLICY DECLARING THE MAYOR AND CITY COUNCIL OF CUMBERLAND'S INTENT TO TAKE A LEADERSHIP ROLE IN REDUCING ELECTRICITY CONSUMPTION WITHIN CITY OF CUMBERLAND, PARTNERING WITH THE MARYLAND ENERGY ADMINISTRATION, AND ENROLLING AS A MARYLAND SMART ENERGY COMMUNITY.**

**I. PURPOSE**

- a) To become a Maryland Smart Energy Community by enrolling in the program and following the instructions provided by the State of Maryland.
- b) To establish the goal of reducing per-square-foot electricity consumption by 15% relative to the baseline within 5 years of the baseline year.
- c) To report electricity consumption and progress towards the goal annually to the Maryland Energy Administration in order to assure that the City accomplishes said goals in a timely fashion.

**II. DEFINITIONS**

- a) *Baseline* – Per-square-foot-electricity consumption (kWhs/GSF) in a pre-determined baseline year.
- b) *Baseline Year* – The 12-month period selected by the City as the baseline.
- c) *Building Space* – The amount of gross square feet (GSF) of building space owned by the City of Cumberland AND for which electricity is paid by the Mayor and City Council of Cumberland.
- d) *City* – Mayor and City Council of Cumberland/the City of Cumberland, Maryland.
- e) *Electricity Consumption* – The amount of kilowatt-hours (kWhs) consumed by the City of Cumberland on an annual basis including electricity generated and consumed on-site and electricity purchased from a utility.
- f) *Per-square-foot-electricity consumption* – Electricity consumption (in kWhs) divided by building space (in GSF) calculated on an annual basis.

**III. BASELINE DOCUMENTATION**

- a) A baseline document including information related to the specific time period, electricity consumption, building size, and electricity consumption per gross square foot will be assembled

by November 2, 2015 and made available as an appendix to this document to be titled, "MSEC – Baseline City of Cumberland FY2014"

**IV. GUIDELINES**

- a) The City will maintain an annual electricity consumption inventory, also known as a baseline update, for all City of Cumberland owned buildings and other entities captured in the initial baseline. This annual inventory will be conducted using Energy Star Portfolio Manager or a similar tool.

**V. PLANS AND IMPLEMENTATION**

- a) On or before November 2, 2015 the City will establish an Energy Reduction Plan. The plan will outline the process and include a timetable of execution by which the City of Cumberland will accomplish designated tasks in order to reach the goal.
- b) The City will implement the necessary projects laid out in their Energy Reduction Plan in order to meet the goal outlined in this policy to the extent practicable.
- c) All inquiries should be directed to the person responsible for implementing this policy. The City Administrator and/or their designee will implement this policy.
- d) This policy applies to all departments and facilities owned by the City with the exception of the following exclusions, which have been approved by the Maryland Energy Administration:

Evitts Creek Water Company – 1032 Lake Gordon Road, Bedford, PA 15522

**VI. GOOD FAITH EFFORTS**

- a) The City will make good faith efforts to implement, where practicable, electricity reduction projects and practices to meet the goal as stated herein. However, should the City not achieve the adopted goals within the appropriate time-frames, MSEC grant funding will not be rescinded.

## **APPENDIX I**

**“MSEC – Baseline City of Cumberland FY2014”**

"MSEC – Baseline City of Cumberland FY2014"

In FY14 total electricity consumption (all facilities including the Evitts Creek Water Company in PA) totaled 8.9 million kWh. The WWTP accounted for 57 percent of the energy consumption. For the purposes of this Maryland Smart Energy Communities (MSEC) program the PA accounts are removed, and the official FY14 baseline equals 7.14 million kWh consumed. The MSEC goal is to make efforts to reduce electricity consumption by 1,071,597 kWh (15%) by FY 2019\*. The City of Cumberland has already experienced a 4% reduction between FY 14 and FY 15.

For the renewable energy goal under the MSEC program, the City's goal is to make efforts to generate 1,428,796 kWh (20% of baseline) from renewable energy by 2022.

Information on types of energy efficiency and renewable energy improvements will be included within the City of Cumberland Energy Reduction and Renewable Energy Plan.

**Existing Improvements:**

Energy reduction projects were completed in 2011-2013 from which the City experienced electricity reductions as a result. These reductions are not captured in the baseline data above due to the limited information that was available by the electric company (Potomac Edison and other suppliers). Other energy reduction projects were completed in 2014 and 2015 and are expected to be reflected in future measurements in relation to the FY14 baseline above and will be applied to the City's goal.

The energy improvements to date include primarily the installation of replacement lighting that is more energy efficient than what had existed. These projects are primarily one-time projects implemented as funding is available or introduced.

Lighting projects completed/when:

**In 2011 the City qualified for EECDBG funding. This funding was used for exterior and interior lighting retrofit within select street lights, City Hall Plaza and the WWTP:**

One energy reduction project was completed in 2015 (FY 2016). The savings from the following project will be captured in future electric consumption inventory reviews.

In 2015 lighting replacements occurred within the Public Safety Building at 20 Bedford Street

**Description**

Resolution approving the adoption of a policy declaring the Mayor and Council's intent to take a leadership role in reducing electricity consumption within the city, partnering with the Maryland Energy Administration, and enrolling as a Maryland Smart Energy Community

**Approval, Acceptance / Recommendation**

By adopting and implementing the City of Cumberland Energy Efficiency Policy the City will be on its way to meeting the delivery requirements set forth in the grant agreement issued by the Maryland Energy Administration (Order No. 25,825 June 2, 2015). Under the Policy, the City will make good faith efforts to implement, where practicable, electricity reduction projects and practices to meet the goal as stated. However, should the City not achieve the adopted goals within the appropriate time-frames, MSEC grant funding will not be rescinded. The goal is: to reduce per-square-foot electricity consumption of City owned buildings and lighting infrastructure (in Maryland) by 15% relative to the baseline within 5 years of the baseline year. As well as report electricity consumption and progress towards the goal annually to the Maryland Energy Administration in order to assure that the City accomplishes said goals in a timely fashion. The City will maintain an annual electricity consumption inventory, also known as a baseline update, for all City of Cumberland owned buildings and other entities captured in the initial baseline. On or before November 2, 2015 the City will establish an Energy Reduction Plan. The plan will outline the process and include a timetable of execution by which the City of Cumberland will accomplish designated tasks in order to reach the goal.

**RESOLUTION NO. \_\_\_\_\_**

A RESOLUTION OF THE MAYOR AND CITY COUNCIL OF CUMBERLAND TO ADOPT A POLICY CONCERNING THE USE OF RENEWABLE ENERGY SOURCES AS PART OF THE MARYLAND ENERGY ADMINISTRATION'S SMART ENERGY COMMUNITIES PROGRAM.

- WHEREAS,** in 2015, the **MAYOR AND CITY COUNCIL OF CUMBERLAND** ("City") applied for acceptance into the Maryland Smart Energy Communities program administered by the Maryland Energy Administration; and
- WHEREAS,** in June 2015, the City entered into an agreement with the Maryland Energy Administration under which the City was awarded a grant of \$45,452.00 for energy efficiency and conservation projects; and
- WHEREAS,** the goal of the Maryland Smart Energy Communities program is for local governments to adopt policies and commit to them for the long term, leading to sustained energy savings and additional opportunities for renewable energy development ; and
- WHEREAS,** through its participation in the Maryland Smart Energy Communities program, the City may receive grants to fund energy efficiency, renewable energy, or clean transportation projects, and may realize cost savings, improve its environmental performance, and stimulate better energy decisions among City departments; and
- WHEREAS,** both the program application and the grant agreement obligate the City to adopt certain policies, including a policy to utilize distributed, renewable sources to generate or displace at least 20% of its electricity (or electricity equivalent) by the year 2022; and
- WHEREAS,** the **MAYOR AND CITY COUNCIL OF CUMBERLAND** believes that by adhering to the Maryland Smart Energy Communities program, the City will demonstrate its commitment to being a socially responsible leader by decreasing its electricity consumption; and that investing in energy efficiency may result in significant monetary savings in the long term.

**NOW, THEREFORE, BE IT RESOLVED** by the **MAYOR AND CITY COUNCIL OF CUMBERLAND** that the Policy Concerning the Use of Renewable Energy Source, attached hereto as Exhibit A and incorporated herein by this reference, is hereby approved.

Given under our Hands and Seals this \_\_\_\_\_ day of \_\_\_\_\_, 2015, with the Corporate Seal of the City of Cumberland hereto attached and duly attested by the City Clerk.

### CITY OF CUMBERLAND RENEWABLE ENERGY POLICY

**A POLICY DECLARING THE MAYOR AND CITY COUNCIL OF CUMBERLAND'S INTENT TO TAKE A LEADERSHIP ROLE IN RENEWABLE ENERGY GENERATION WITHIN THE CITY OF CUMBERLAND, PARTNERING WITH THE MARYLAND ENERGY ADMINISTRATION, AND ENROLLING AS A MARYLAND SMART ENERGY COMMUNITY.**

#### **I. PURPOSE**

- a) To become a Maryland Smart Energy Community by enrolling within the program and following the instructions provided by the State of Maryland.
- b) To reduce conventional centralized electricity generation serving local government buildings to meet 20% of those buildings' electricity demand with distributed, renewable energy generation by 2022.
- c) To develop and initiate a Renewable Energy Action Plan to map out how the community will work reach its Renewable Energy Goal.
- d) To report renewable energy action efforts, electricity consumption and renewable generation capacity annually to the Maryland Energy Administration in order to assure that the City of Cumberland accomplishes said goals in a timely fashion.

#### **II. DEFINITION**

- a) *Baseline* – Total electricity consumption (kWhs) in a pre-determined baseline year. May include streetlights, but is not mandatory. Must include all buildings as well as sewer and water facilities.
- b) *City* – The City of Cumberland, Maryland.
- c) *Electricity Consumption* – The amount of kilowatt-hours (kWhs) consumed by the City of Cumberland on an annual basis including electricity generated and used on-site and electricity purchased from a utility.
- d) *Renewable Energy* – Energy generated from anyone of the following sources: solar, wind, biomass (excluding saw dust), methane from anaerobic digestion of organic materials, geothermal, ocean, fuel cells powered by methane or biomass, poultry litter, and waste-to-energy facilities.
- e) *Renewable Energy Action Plan* – Provides details on current and future electricity consumption, estimates required renewable energy production to meet 20% of said energy consumption, and designs plans with detailed installation measures and time tables that enable the City of Cumberland to reach its 2022 goal.

### **III. BASELINE DOCUMENTATION**

- a) The baseline including data related to the specific time period, electricity consumption, building size, and results will be completed by November 2, 2015 and can be found as an appendix to later be attached to this document titled, "MSEC – Baseline City of Cumberland FY2014"

### **IV. GUIDELINES**

- a) The City will maintain an annual electricity consumption inventory for all City owned buildings and energy consuming entities. This annual inventory will be conducted using Energy Star Portfolio Manager (or equivalent energy management program previously approved by the Maryland Energy Administration).

#### **b) PLANS AND IMPLEMENTATION**

- a) The City will additionally conduct a Renewable Energy Action Plan to assess the amount of renewable energy that currently exists within the City of Cumberland. Any currently existing renewable energy will be included within the 20% reduction goal. For example, if the City determines from the Renewable Energy Action Plan that it already meets 3% of its energy consumption needs with renewable energy, only an additional 17% of renewable energy production would be required in order to meet the City's final goal.
- b) Finally, the City will make a good faith effort to implement the necessary projects in order to ensure that a minimum of 20% of local government building's energy consumption is supplemented by locally generated renewable energy sources by the year 2022.
- c) All inquiries should be directed to the person responsible for implementing this policy. The City Administrator and/or their designee will implement this policy.
- d) This policy applies to all departments of the **MAYOR AND CITY COUNCIL OF CUMBERLAND** with the exception of the exclusions outlined in the definitions above.

#### **c) GOOD FAITH EFFORTS**

- a) The City will make good faith efforts to implement, where practicable, renewable energy projects and practices to meet the goal as stated herein. However, should the City not achieve the adopted goals within the appropriate time-frames, MSEC grant funding will not be rescinded.

## **APPENDIX I**

“MSEC – Baseline City of Cumberland FY2014”

"MSEC – Baseline City of Cumberland FY2014"

In FY14 total electricity consumption (all facilities including the Evitts Creek Water Company in PA) totaled 8.9 million kWh. The WWTP accounted for 57 percent of the energy consumption. For the purposes of this Maryland Smart Energy Communities (MSEC) program the PA accounts are removed, and the official FY14 baseline equals 7.14 million kWh consumed. The MSEC goal is to make efforts to reduce electricity consumption by 1,071,597 kWh (15%) by FY 2019\*. The City of Cumberland has already experienced a 4% reduction between FY 14 and FY 15.

For the renewable energy goal under the MSEC program, the City's goal is to make efforts to generate 1,428,796 kWh (20% of baseline) from renewable energy by 2022.

Information on types of energy efficiency and renewable energy improvements will be included within the City of Cumberland Energy Reduction and Renewable Energy Plan.

**Existing Improvements:**

Energy reduction projects were completed in 2011-2013 from which the City experienced electricity reductions as a result. These reductions are not captured in the baseline data above due to the limited information that was available by the electric company (Potomac Edison and other suppliers). Other energy reduction projects were completed in 2014 and 2015 and are expected to be reflected in future measurements in relation to the FY14 baseline above and will be applied to the City's goal.

The energy improvements to date include primarily the installation of replacement lighting that is more energy efficient than what had existed. These projects are primarily one-time projects implemented as funding is available or introduced.

Lighting projects completed/when:

**In 2011 the City qualified for EECDBG funding. This funding was used for exterior and interior lighting retrofit within select street lights, City Hall Plaza and the WWTP:**

**Description**

Resolution approving the adoption of a policy declaring the Mayor and Council's intent to take a leadership role in renewable energy generation within the City of Cumberland, partnering with the Maryland Energy Administration, and enrolling as a Maryland Smart Energy Community

**Approval, Acceptance / Recommendation**

By adopting and implementing the City of Cumberland Renewable Energy Policy the City will be on its way to meeting the delivery requirements set forth in the grant agreement issued by the Maryland Energy Administration (Order No. 25,825 June 2, 2015). Under the Policy the City will make good faith efforts to implement, where practicable, renewable energy projects and practices to meet the goal as stated herein. However, should the City not achieve the adopted goals within the appropriate time-frames, MSEC grant funding will not be rescinded. The goal is to reduce conventional centralized electricity generation serving local government buildings to meet 20% of those buildings' electricity demand with distributed, renewable energy generation by 2022. On or before November 2, 2015 the City will develop and initiate a Renewable Energy Action Plan to map out how the community will work reach its Renewable Energy Goal. The City will report renewable energy action efforts, electricity consumption and renewable generation capacity annually to the Maryland Energy Administration in order to assure that the City of Cumberland accomplishes said goals in a timely fashion.

**Description**

Resolution to approve a project to improve the accessibility and aesthetics of the Historic Downtown Town Center Stage in partnership with the DDC and Main Street Program

**Approval, Acceptance / Recommendation**

This Resolution supports a request for \$11,000 from the Main Street Improvement Program Grant through Main Street Maryland with DHCD. The funds will be used for the Liberty Street Stage renovations at the corner of Baltimore and Liberty Streets. The Historic Town Center Stage has fallen into disrepair due to its age. The DDC currently hosts the summer concert series and other events on this stage. Part of the stage is not covered and therefore, both the wooden decking and the beams beneath the decking that are exposed to the weather are deteriorating. The existing platform and ramp are also not ADA compliant. EADS has provided an estimate of \$51,000 for the renovations. The DDC has received \$40,000 from CDBG funds and we are requesting the remaining \$11,000 from the MIP program through DHCD.

**Description**

Resolution to approve a project to create and print a shopping and dining brochure guide for the Main Street District in partnership with the DDC and Main Street Program

**Approval, Acceptance / Recommendation**

The Resolution supports a request of \$4,700 through a Main Street Maryland Technical Assistance Grant. The funds will be used for a shopping and dining guide, which will be placed in the new wayfinding signage that will be installed in downtown Cumberland. The brochure will include a fold out map, listings of all restaurants, retail shops, services, events, and major attractions for downtown Cumberland and the Main Street District. The grant will allow us to create a design that we can update annually and also print 15,000 copies the first year.

## Sole source for state fiber connectivity to Public Safety Building

**Johnna Byers** <johnna.byers@cumberlandmd.gov>

Wed, Sep 30, 2015 at 2:09 PM

To: Margie Woodring <margie.woodring@cumberlandmd.gov>

MIS requests approval for a sole source purchase from Skyline Technology Solutions for labor and materials to construct Maryland Department of IT OMBN fiber to the city's public safety building. The price quote is based on building a fiber backbone in conjunction with an Allegany County Public Schools project extending fiber from ACPS central offices to the ACPS warehouse.

Cost: Not to exceed \$35,688.36

The cost could potentially be far less due to ACPS securing an ARC grant to fund most of the project.

Amount is to be charged to 001.033.64000 as part of the 2014 CDA Bond.

I will forward the email from Jeff (from April 9) indicating sole source approval.

Thanks,  
Johnna

ORDER NO. \_\_\_\_\_

DATE: October 20, 2015

**ORDERED, By the Mayor and City Council of Cumberland, Maryland**

THAT, the Mayor be and is hereby authorized to execute a Parking Lot Lease between the Mayor and City Council of Cumberland and the Canal Place Preservation and Development Authority (CPPDA) for the use of Municipal Parking Lot #2 for a period of five (5) years with no rental fee and certain contingencies of maintenance.

---

**Brian K. Grim, Mayor**

**PARKING LOT LEASE  
PARKING LOT #2**

THIS PARKING LOT LEASE ("Lease"), made and executed this \_\_\_\_ day of \_\_\_\_\_, 2015, by and between the **MAYOR AND CITY COUNCIL OF CUMBERLAND**, a municipal corporation of the State of Maryland ("Lessor"), and the **CANAL PLACE PRESERVATION AND DEVELOPMENT AUTHORITY**, a public corporation, instrumentality of the State of Maryland, and independent agency in the executive branch of the State of Maryland government ("Lessee"), is the final, complete, and integrated agreement to which the parties intend to be legally bound as follows:

**SECTION 1  
LEASE/TERM**

- 1.01 Lessor leases to Lessee, and Lessee leases from Lessor, Parking Lot # 2 adjacent to the Atlantic Broadband Building and situated at the corner of Howard and South Mechanic Streets, Cumberland, Allegany County, Maryland, which Parking Lot #2 is hereinafter referred to as the "Lot".
- 1.02 Lessor and Lessee agree that Lessee shall lease the Lot in its "AS IS" condition as of the date this Lease commences. In this regard, Lessee acknowledges that the Lot is suitable for its intended use and Lessor is not responsible for undertaking or performing any work on the Lot to improve, renovate, adapt or modify it for Lessee's use.
- 1.03 Lessee may use the Lot as a parking lot for motor vehicles. No other uses will be permitted except upon the written consent of Lessor, which written consent may be withheld for any reason whatsoever.
- 1.04 Lessee may limit use of and access to the Lot by and for visitors to Canal Place, as Lessee may deem necessary and appropriate. Lessee may post signage on the Lot that explains permitted use and access and shall be permitted to charge parking fees for use of the Lot. The foregoing notwithstanding, Lessee may not assign this Lease or sublet the whole or any portion of the Lot to any individual or entity without Lessor's prior written consent. In the event Lessor is inclined to grant the required consent, it may condition the granting of the consent in any manner it deems to be in its best interests.
- 1.05 Should Lessor charge for parking or any other use of the Lot, it shall pay Lessee one-half of all amounts received. Remittances shall be made on a monthly basis for regularly occurring charges and no less than thirty (30) days from the receipt of payment for fees received on an intermittent basis.
- 1.05 The term of this Lease shall be five (5) years commencing on the date set forth above.

**SECTION 2  
RENT/MAINTENANCE COSTS/IMPROVEMENTS**

- 2.01 Lessee shall not be obligated to pay rent during the term of this Lease or any renewal terms.

- 2.02 Lessee shall be responsible for the costs of maintaining the Lot, including, but not limited to, snow, ice, and trash removal and maintenance and repair of improvements on the Lot, if any. Lessee shall keep the Lot and the improvement thereon, if any, in good repair and condition and shall repaint the painted portions of the paved surface from time to time and repave the Lot from time to time as is reasonably needed to preserve the integrity of the paving.
- 2.03 Lessee shall not make any alterations, additions or improvements to the Lot without Landlord's prior written consent, which consent shall not be unreasonably withheld unless the alterations, additions or improvements to the Lot are for purposes other than its use as a parking lot for motor vehicles, in which event, Lessor may withhold its consent for any reason whatsoever. Any alterations, additions or improvements by Lessee shall immediately become the property of Lessor and shall remain upon the Lot at the end of the term(s) of this Lease. Upon the termination of this Lease, Lessor shall, however, have the right to require Lessee to restore the Lot to the condition it was in prior to any permitted alterations, additions or improvements.

### **SECTION 3 MISCELLANEOUS**

- 3.01 With reasonable advance notification to Lessee, Lessor may designate the Lot for general public parking for large City events, unless Lessee has previously dedicated the Lot for other use at the same time.
- 3.02 Lessor shall not be liable to Lessee or any other person for any injury to person (including, but not limited to, loss of life) or damage to property on or about the Lot unless the injury to person or damage to property was caused wholly as a result of Lessor's negligence. To the extent permitted by Maryland law, Lessee agrees to indemnify and hold Lessor harmless from any and all losses, damages, attorneys' fees, expenses, claims, causes of action or liabilities of any kind or nature arising out, as an incident to or as a result of any such injury to person or damage to property.
- 3.03 To the extent permitted by law, and subject to available appropriations, Lessee shall pay Lessor the amount Lessor has paid or will pay for attorney's fees, court costs, investigative and related expenses arising from, under, or relating to any default or alleged default by Lessee under this Lease whether or not Lessor elects to terminate this Lease and whether or not legal proceedings are instituted. It is the intent of the parties that the provisions of this paragraph continue after the expiration or earlier termination of this Lease.
- 3.04 This Lease shall be construed under the laws of the State of Maryland. The parties hereto acknowledge that this Lease had been drafted, negotiated, made, delivered and consummated in the State of Maryland. The parties hereby agree to be subject to the jurisdiction of and waive any objection to the venue of any action filed by one against the other being in the Circuit Court for Allegany County, Maryland or the District Court

of Maryland for Allegany County. The parties waive any claim that either of those courts constitute inconvenient fora.

- 3.05 This Lease shall be binding upon and inure to the benefit of Lessor and Lessee and their respective successors and assigns.
- 3.06 This Lease is the entire agreement of the parties to its terms and there are and were no verbal representations, warranties, understandings, stipulations agreements, or promises pertaining to this Lease not incorporated in its terms. This Lease may not be altered, waived, amended, or extended except by an instrument in writing signed by both Lessor and Lessee.
- 3.07 Words of any gender used in this Lease shall be held and construed to include any other gender; and words in the singular number shall be held to include the plural, unless the context otherwise requires.
- 3.08 The captions inserted in this Lease are for convenience only and in no way define, limit, or otherwise describe the scope or intent of this Lease or any provision hereof, or in any way affect the interpretation of this Lease.
- 3.09 If any clause or provision of this Lease is illegal, invalid, or unenforceable under present or future laws effective during the term of this Lease, then and in that event, it is the intention of the parties hereto that the remainder of this Lease shall not be affected thereby; and it is also the intention of the parties to this Lease that in lieu of each clause or provision of this Lease that is illegal, invalid, or unenforceable there be added as a part of this Lease a clause as similar in terms to such illegal, invalid, or unenforceable clause or provision as may be possible and be legal, valid, and enforceable.
- 3.10 Lessor does not in any way or for any purpose become a partner with Lessee in the conduct of its business or otherwise, nor a member of a joint venture with Lessee.
- 3.11 Any duty, obligation, or debt and any right or remedy arising hereunder and not otherwise consummated and/or extinguished by the express terms hereof at or as of the time of termination of this Lease, whether at the end of the term hereof or otherwise, shall survive such termination as continuing duties, obligations, and debts of the obligated party to the other or continuing rights and remedies of the benefitted party against the other.
- 3.12 This Lease may be executed in one or more counterparts, each of which counterpart shall for all purposes be deemed to be an original; but all such counterparts together shall constitute but one instrument.
- 3.13 Lessor shall pay for all electric and other utility service provided at the Lot.

#### **SECTION 4 DEFAULT/TERMINATION**

- 4.01 Should Lessee fail to perform as required by this Lease, Lessor shall provide Lessee with written notice of default.

- 4.02 Lessee shall have a period of fifteen (15) days from receipt of such notice to cure such default.
- 4.03 Should Lessee fail to cure its default within the period set forth above, Lessor shall have the option to pursue any one or more of the following remedies without any additional notice or demand:
- (a) Lessor may terminate this Lease, in which event Lessee shall immediately surrender the Lot to Lessor, and if Lessee fails to do so, Lessor may, without prejudice to any other remedy which it may have, enter upon and take possession of the Lot, and expel or remove Lessee and any other person who may be occupying all or any part of the Lot. Lessor shall not be liable for prosecution or any claim for damages as a result of such actions.
  - (b) With or without terminating this Lease, Lessor may enter upon the Lot (without being liable for prosecution or any claim for damages therefor) and do whatever Lessee is obligated to do under the terms of this Lease. Lessee agrees to reimburse Lessor on demand for any losses, costs and expenses which Lessor may incur in effecting compliance with Lessee's obligations under this Lease, which costs and expenses shall be paid upon Lessor's demand therefor. Lessee further agrees that Lessor shall not be liable for any damages resulting to Lessee from effecting compliance with Lessee's obligations under this subsection, whether caused by the negligence of Lessor or otherwise.
  - (c) Lessor may pursue any remedy provided at law or in equity.

## **SECTION 5 NOTICES**

- 5.01 All notices required or permitted under this Lease shall be in writing and shall be personally delivered or sent by registered or certified mail, return receipt requested. If mailed, each notice shall be deemed received upon actual receipt after deposit in the United States Mail, postage prepaid, and addressed to the person to receive such notice at the following address:

On September 24, 2015, the Department of Community Development, working with the Downtown Development Commission received a total of 10 applications for the Central Business District Façade Improvement Program, a program funded by the State of Maryland's Community Legacy program with supplemental funds from the City of Cumberland's general fund. Applicants had to have property located within the Central Business District, their request could not exceed \$20,000 and they were required to match their request dollar for dollar.

Following receipt of the completed applications, the review committee began to evaluate each application. In addition to me, the review committee consisted of Doug Schwab, David Cox, Shawn Hershberger, Jennifer Light, Sandi Saville and Dave Romero.

At this time, the review committee has recommended funded for all projects. The project addresses and recommended funding is as follows:
